What is one of the best gifts that you would like to give?

Share something kind somebody else did for you today

Share one thing that you are grateful for about nature

Give a smile and a hi-5 to everyone in the room

Make a heart shape by joining your fingers with the ones sitting next to you.

Share something kind you did for somebody today

I’d love to be like ................................

Cheers! Everyone claps for you and shares one thing they like about you:)

Imitate a person. Let others guess who.
